## GameSheet Inc Launches USA Expansion in Chicago with Labor Day Showcase

MYHockey Rankings and GameSheet Inc, are pleased to announce their United States launch of **GameSheet Live**, their state-of-the-art iPad scoring app.

The **Labor Day Showcase**, hosted by the **Chicago Mission** features Midgets from the following teams from four different states:

**Minnesota Blades, Team Wisconsin, CarShield, and Ohio Jr. Blue Jackets**

If family members, scouts, or friends want to follow along, player stats and results from the Showcase are updated nearly real time direct from the score keeper's iPad during the game to the following link:

### About GameSheet Inc.

GameSheet Inc provides scorekeeping, league management and reporting tools to sports leagues around the world. Their state-of-the-art iPad scoring app has been used to score hundreds of thousands of games from Tykes to Junior A and is trusted by some of the world's largest hockey associations including the OMHA. The GameSheet system provides Hockey Canada and Hockey USA approved digital score sheets, advanced reporting and league management tools, stats, standings and scouting reports.

GameSheet Inc., the trusted source for digital scorekeeping since 2013.

### About MYHockey Rankings

MYHockey Rankings was founded in 2003 as a way for youth hockey fans to spread the love of the game and to help individual teams schedule appropriate competition. It quickly grew into something much larger. Since the first rankings (1994 birth year) were published during the 03-04 season, MYHockey Rankings has transformed into the premier rankings website and information database for youth hockey across all of North America. Now containing 240+ ranking categories, 2,600+ associations, 4,000+ rinks, 23,000+ teams and 300,000+ game scores annually, MHR's footprint extends from Alaska to Southern Florida, Newfoundland & Labrador to Yukon and every hockey community in between. What started as a quest for locating opponents of the same skill level, MYHockey Rankings evolved as a tool to help youth hockey coaches, managers, players and fans learn more about the sport we all love.
